

MONSTER CAREER PROJECT

Using the resources on the supply table, your group is responsible for creating a new monster that can scare the children on Halloween. You only have 1 hour to create this monster, and it must be an original work based on your group's ideas. It has to be able to stand on its own without support and hopefully, look scary!

After your monster is complete, you will need to create an advertisement for your Monster as though it was a career people could do for a job.
